WE ARE PICKHACKS

PickHacks is Missouri S&T's annual hackathon, bringing together **200+ highly motivated students** to design, build, and pitch innovative projects in just one weekend. Sponsorship connects your company directly with some of the most competitive talent in the Midwest—future engineers, developers, and data scientists eager to engage with your technology.

WHY SPONSOR PICKHACKS?

Resume & Profiles

Access resumes, GitHub repositories, and LinkedIn profiles of top-tier students in computer science, engineering, and related fields.

Watch Project Development

Observe how participants collaborate under pressure — the ultimate “behavioral interview.”

Recruiters & Interviews

Observe how participants collaborate under pressure — the ultimate “behavioral interview.”

Brand Recognition

Showcase your company to over 250 driven individuals. Offer promotional materials (stickers, T-shirts, water bottles, etc.) and increase your visibility both during the event and on lasting project pages

Sponsor Prizes & Mentorship

Encourage hackers to use your platform or address challenges that matter to your company by sponsoring prize tracks. Send mentors to guide participants and help them integrate your APIs, software, or technology.

Build Campus Presence

Sponsorship directly connects you to Missouri S&T's Computer Science department and student community. Strengthen your recruiting pipeline by raising awareness of your company among talented future interns and hires.

Showcase New Technology

Encourage hackers to use your platform or address challenges that matter to your company by sponsoring prize tracks. Send mentors to guide participants and help them integrate your APIs, software, or technology.

Inspire Innovation

Challenge hackers with custom themes or problem statements aligned with your company's vision. Watch fresh ideas and creative prototypes emerge that could spark future solutions.
